Virtual Learning Communities 4.0

June 16, 2017

How did we get here?

- The APEX wiki (http://alapex.org/mediawiki/)

- APEX mailing lists (lists.alapex.org)

- The APEX VLC site at U. of A. (http://apex.ua.edu)

So what is/are the problem(s)?

- One way communication
- No ownership
- No real Learning Communities

Any alternatives?

- Social media:
  - Facebook
  - GroupMe
